 - b. Expressing Council's dissatisfaction at not being directly notified about the lodgement of the application.
 - c. Expressing Council's dissatisfaction about the very short timeframe in which the community is able to study and make comment on an application that would clearly have a significant impact on the local community.
 - d. Objecting to Part 3A process that removes councils as the consent authority for development applications that directly impact local communities, in this case, Parramatta City Council.
 - e. Requesting that prior to the Minister for Planning determining the application, the applicant be required to undertake further traffic modelling and submit that modelling to both Parramatta and Hornsby Councils, demonstrating that the modification to the development would not adversely impact upon the local road network.
2. Council write to Parramatta City Council expressing Council's support in its objection to the proposed modification to the development.
